Dear Parent/Guardian

As was reported earlier in September, attendance was a main focus for us as a school this year. You may recall receiving the leaflet 'Callio' highlighting the benefits of regular attendance. We are pleased to inform you that the school's attendance this year is 94.2% which is 1.4% higher than last year.

I would like to thank you for your support in reaching this percentage this year. However, we are keen to improve on this during the next academic year. In order to remain on track we kindly ask you not to organise a holiday during school term time and make sure your child attends school regularly. Whilst we appreciate that periods of sickness are unavoidable, regular and consistent attendance is pivotal to help your child progress both academically and socially in order to reach their potential

If you need any further information, please contact the school.

Thank you for your continued cooperation

Attendance and the effect of the number of lessons missed

Green	100%	Not missing any school days
	99%	Missing about 11 lessons
	98%	Missing about 23 lessons
	97-96%	Missing between 34 and 45 lessons
Amber	95%	Missing about 2 weeks of school (57 lessons)
	94%	Missing more than 2 weeks of school (68 lessons). This is a significant amount of education to lose and will have a negative effect on progress
	93%	Missing nearly 3 weeks of school (90 lessons). A serious loss of learning which is likely to have a detrimental effect on achievement and life chances
Red	92-91%	Missing 3 weeks of school (90+ lessons). A serious loss of learning which is very likely to have a detrimental effect on achievement and life chances
	90% or less	Although 90% sounds acceptable, it means that pupils have missed a month of education. (114 lessons) Extra support will be needed in order to catch up with all the work missed.
